Reason For Complaint: Premium & Rating

Details Of Complaint: I've been with Farm Bureau since about 2006. As soon as I turned 70 my auto

insurance rates began to climb. This is the fourth successive year of rate increases despite my

having had no claims.

You can read my full experience with Farm Bureau Insurance at

<https://www.sitejabber.com/reviews/fsbs.com#1> and also here: [http://newpatriotsblog.com/auto-](http://newpatriotsblog.com/auto-insurerslike-)

[farm-bureau-financial-services-moving-to-real-time-driver-surveillance-updated](#)

I have had double digit rate increases of 18%, 13.5%, 13% and now 36% for the last four years.

This is

age or gender discrimination as I have had no accidents. I also have no tickets.

I even have a 7500 mile limit on my auto policy because I'm retired so I drive less and still the insurance increases are outrageous.. They don't want to insure older drivers so they simply price you out of the market.
